

**TROY CHRISTIAN SCHOOLS
ENRICHMENT SURVEY**

We have a curriculum committee that is brainstorming enrichment opportunities that we can provide our students. These activities can be available in different formats— after school, within the day in the regular classroom, and small groups that present to the whole school. We are looking into countywide opportunities that involve working with other schools (chess competition, etc.). These opportunities totally depend upon parental involvement for effectiveness and success. We are surveying the parents to distinguish the passions, talents and interests that you are willing to share with our students. Please fill out the following form and return it as soon as possible to your child’s teacher. We are very excited about ideas that are being developed

I have a passion, talent, or interest in the following area(s), and I am willing to talk to you about how I might share it with TCE students. Be specific (chess, book club, newspaper, contest writing, science, math, inventions, Spanish Club, etc.)

Name (please print)

Phone

I am willing to help carry out some of these enrichment activities, but I do not want to be the leader of the activity.

P.S.

I am reading a book that was sent to me called, *The Big Picture: Education is Everyone’s Business*. It discusses ways people learn best—by using our hands and minds and by doing work that is real, relevant, and meaningful to us. Most of all it emphasizes how children should love to learn so they will keep on learning, even when out of school. In my parent letter today you read about INPUT, OUTPUT. We want to provide better alternatives than more TV or video games. What better way to develop a love for something than to catch it from someone who already loves it!

Mrs. Meckstroth
TCE Principal
